PROFESSIONAL SUMMARY

Programmer with 7+ years of experience writing, debugging and maintaining production code across web, mobile and desktop applications. Strong in Python (Django, Flask), Dart/Flutter, JavaScript and PHP, with hands-on experience building REST APIs, designing databases, deploying to the cloud and implementing application security. Has built and shipped fintech, POS, e-commerce, e-learning and data-reselling apps used by real customers, plus AI and IoT systems using TensorFlow, PyTorch, scikit-learn and Arduino.

TECHNICAL SKILLS

Languages: Python, JavaScript, PHP, Dart, C++, HTML, CSS, SCSS

Backend: Django, Flask, REST API design, WordPress, authentication & application security

Frontend: React, Next.js, Tailwind CSS, Bootstrap

Mobile & Desktop: Flutter (Android & iOS), PyQt6 / Qt (Python, C++)

Databases: MySQL, PostgreSQL, Firebase

AI & ML: TensorFlow, PyTorch, scikit-learn; facial recognition, computer vision, chatbots

Embedded & IoT: Arduino, sensor-based automation, robotics

Cloud & Tools: AWS, Firebase, Git & GitHub

PROFESSIONAL EXPERIENCE

Senior Software Developer | Voostech Technologies Limited *(Remote, flexible hours)* *2024 – 2026*

- Built e-commerce apps, an e-learning app for kids, and a data-reselling app.
- Built and maintained scalable REST APIs and databases, and deployed services on cloud infrastructure.
- Optimised application performance and strengthened security while working with cross-functional teams in a remote setup.
- Reviewed code and mentored junior developers.

Web Development Instructor | Beli Fantel Nigeria Limited *(Part-time, contract)* *Nov 2024 – Jan 2025*

- Taught PHP, JavaScript, HTML and CSS to a class of 60 students, with hands-on frontend and backend programming practice.

Software Developer | Freelance *2022 – 2023*

- Built data and airtime reselling apps, fintech apps, e-commerce apps, e-learning apps and inventory management apps for clients.
- **Tech:** *Python, Flutter, JavaScript, C++, PHP, Django, Bootstrap, REST APIs*

Software Developer | Bookeyy Services Ltd *2019 – 2022*

- Built an inventory management app and an online venue-booking mobile app, using WordPress, Flutter and supporting libraries.
- Implemented security measures and optimisations that strengthened application performance and security, as part of a collaborative engineering team.

VENTURES & VOLUNTEER WORK

Founder & CEO | Xpirax Technologies Limited *(Part-time)* *2023 – Present*

- Develop cloud-based mobile and web Point of Sale (POS) systems for businesses in Nigeria, alongside custom software for clients.
- Built e-commerce and e-learning websites, a rider/courier booking app, data and airtime reselling apps, and fintech apps.
- Built AI systems (plant monitoring, crime detection) and IoT projects.
- Launched in 2024 and grew to over ₦500,000 in monthly recurring revenue, with 20+ businesses onboarded across Kano and neighbouring states.

- **Tech:** *Flutter, Python, JavaScript, HTML, CSS, PHP, MySQL, TensorFlow, scikit-learn, PyTorch, Arduino*

Lead Developer | Tubali Technologies Limited *(Volunteer, part-time)* *2023 – Present*

- Main developer for the company's products, working on a flexible, unpaid basis.
- Built and shipped a mobile wallet app and a mobile payments and bill-purchase app to the Google Play Store, each with 200+ active users.
- Guide intern developers.
- **Tech:** *Flutter, Python, Django, JavaScript, HTML, CSS, Bootstrap, Tailwind CSS*

PERSONAL PROJECTS

- Facial Recognition Attendance System and chatbots for automated assistance.
- Embedded & IoT: 5-DOF mini robotic arm, automatic refuse bin, automated greenhouse, and 3D design, modelling and printing.

EDUCATION & INDUSTRIAL TRAINING

B.Eng. Mechatronics Engineering | Bayero University Kano *Oct 2018 – Jun 2026*

SIWES Trainee, Software, Networking & Systems | Federal Airports Authority of Nigeria (FAAN) *Jan 2024 – Jun 2024*

- Software installation and configuration, basic networking, hardware and software troubleshooting.

SIWES Trainee, Electrical & Systems | Engausa Tech. Hub *Apr 2023 – Jul 2023*

- Solar, CCTV and electrical wiring installation; electric fencing and satellite TV troubleshooting.

Senior Secondary School | Governor's College, Kano *Feb 2015 – May 2018*
